Dear Mr. Bland:

RE: ML 45643 & ML 45657 Building Stone/Limestone
S/045/039 & S/049/020 Utah County

The terms and conditions of the above numbered leases and the rules of the division require that upon submitting a notice of intent to commence mining the Lessee shall, upon Lessor's request, post a reclamation bond with the division of not less than \$5,000 per acres of intended surface disturbance. Division records indicate that you submitted a notice of intent to mine 1.5 acres of land within the above numbered leases but have not yet posted bond.

You are requested to immediately submit a surety bond in the amount of \$7,500 using the enclosed bond of lessee form. The surety must be registered in Utah. In-lieu of a surety bond you may submit a \$7,500 short term, renewable, certificate of deposit with a Utah banking institution, providing the division is listed as a co-owner of the CD.

Failure to comply with this request within the next 30 days may subject the leases to cancellation pursuant to Article XIX of the lease agreements.

Thank you for your cooperation in this matter. Please call me if you have any questions.

Sincerely,

JOHN T. BLAKE
MINERAL RESOURCES SPECIALIST
